

Fabulous Finochios

506 BROADWAY, SAN FRANCISCO, CALIFORNIA

Most Talked About Night Club In The World

The most interesting women are not women at all. They are FINOCCHIO'S accomplished female impersonators. That is why the show at FINOCCHIO'S is always "tops" in entertainment.

At FINOCCHIO'S you will see Woman — that miracle of divine contradictions — in all her prismatic gyrations. Woman . . . whose step is music, whose voice is song. Woman . . . whom Victor Hugo called "the enigma of the nineteenth century," whom Confucius called a Masterpiece, whom Tennyson called the lesser man, whom Crowley called "one of Nature's agreeable blunders." Cervantes claimed there was no jewel in all the world so valuable as a Woman — but Napoleon said all the women in the world could not make him lose an hour!

The frivolous woman . . . the shy woman . . . the dancing woman . . . the singing woman . . . the raucous woman . . . the gentle woman . . . the gossip woman . . . the "kept" woman . . . the woman in love . . . the coquette . . . divorcee . . . the wheedler . . . the flatterer . . . the parasite . . . the female clown—these are some of the familiar types you will see impersonated, glorified and satirized at FINOCCHIO'S.
